MEMORANDUM FOR RECORD

SUBJECT: Difficulty Registering in Army Training Requirements and Resources System (ATRRS)

1. Army Medical Department Center and School (AMEDDC&S) is restructuring our interface with ATRRS. At the present time, ATRRS incorrectly reflects our seating availability. We are currently working with AMEDDC&S to alleviate any problems that prospective students may have registering for our courses.

2. Please contact us at (410) 436-2230 if you are having difficulties registering for one of our courses.
