

General Continuing Medical Education Information
Medical Management of Virtual FTX Training Exercise

Sponsored By
US Army Medical Command

Accreditation Statement

The US Army Medical Command is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

This CME activity planned and produced in accordance with the ACCME Essential Areas.

Credit Designation

The US Army Medical Command designates this educational activity for a maximum of **12** category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

Statement of Need

The planning committee for this activity has determined that a need exists to provide increased training in the Medical Management of Virtual FTX Training Exercise. This is a course that is needed to sustain skills learned in the Medical Management of Chemical and Biological Casualties Course, as stated in the planning of the MMCBC course: "The MMCBC Course skills shall be sustained (3-5 years) via CD ROM, VTT, VTC, correspondence, in-house course, and road shows."

Learning Objectives

At the conclusion of this activity, participants should be able to:

1. Select appropriate personnel, equipment, site, and operations order necessary to establish a patient decontamination site.
2. Position the equipment and personnel required to conduct patient decontamination site layout.
3. Process casualties for further care, to include triage, emergency treatment and decontamination of contaminated casualties.
4. Disestablish the PDS while avoiding spread of contamination of patient.

Intended Audience

This course is designed for military medical personnel (physicians, nurses, physicians' assistants and certain Corpsmen); local emergency responders (ems/paramedics, law enforcement personnel, and firefighters) may also benefit from this training.

Disclosure of Faculty Relationships

As a sponsor accredited by the ACCME, it is the policy of the US Army Medical Command to require the disclosure of the existence of any significant financial interest or any other relationship a faculty member or a sponsor has with the manufacturer(s) or any commercial product(s) discussed in an educational presentation.

Charles Hurst No information to disclose.

Disclosure of Unlabeled/Unapproved Uses of Drugs or Devices (if applicable)

Notice: In accordance with the ACCME Standards for Commercial Support, the audience is advised that one or more presentations in this continuing medical education activity *do not* contain reference(s) to unlabeled/unapproved uses of drugs or devices.

The following faculty will discuss unlabeled/unapproved uses of drugs or devices in their presentations:

- None.

Acknowledgement of Commercial Support

There is no commercial support associated with this educational activity.

Disclaimer Statement (optional)

The opinions and recommendations expressed by faculty and other experts whose input is included in this program are their own. This enduring material is produced for educational purposes only. Use of the US Army Medical Command name implies review of educational format design and materials only.

Enduring Material:

Original Release Date	24 January 2003
