General Continuing Medical Education Information

Accreditation Statement

The U.S. Army Medical Command is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The U.S. Army Medical Command designates this educational activity for a maximum of **10.5 AMA PRA Category 1 Credit(s)[™]**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Statement of Need

The planning committee for this activity has determined that a need exists to provide increased training. DAPAM 50-6, May 17 1991, Chapter 6-3: Concept of Operations. "The Medical Response Team leader (whether permanently or temporarily assigned in this capacity) will attend Medical Management of Chemical Casualties Course conducted by U.S. Army Medical Research Institute of Chemical Defense (USAMRICD)."

Learning Objectives

1. Recognize the military terms for and the clinical effects of chemical and biological agents.
2. Identify means of therapeutic intervention in both a medical center and a field environment.
3. Identify methods of managing contaminated and uncontaminated casualties in a field environment or a fixed medical facility.
4. Identify the historical aspects of chemical agent use in warfare and realize chemical and biological warfare capabilities practiced in the world today by countries or by terrorist groups.

Intended Audience

This course is designed for Medical Corps and Nurse Corps officers, physician assistants, Medical Service Corps officers in specialties 67B, C, or E, and other selected medical professionals.

Policy on Disclosure

As a sponsor accredited by the ACCME, it is the policy of the U.S. Army Medical Command to require the disclosure of the existence of any significant financial interest or any other relationship a faculty member or a sponsor has with the manufacturer(s) of any commercial product(s) discussed in an educational presentation. Detailed disclosure will be made in the course syllabus/handout materials.
