Re: NEHC CBRE Casualty Management Presentation, 23-25 Feb 01

Dear Ms.

Please accept this letter with our sincerest thanks for providing me USAMRICD CDs for our recent Navy CBRE presentation. As discussed, the CDs you provided were distributed to course participants in the class. With your assistance, the training went exceptionally well.

As I look through the 103 registrants of the program, I would like to share with you the diverse participation that was present throughout the course. This includes:

<b>Classification</b>	<b>Job Description</b>	
18 Military	17 Physicians	30 Paramedics
18 NDMS	2 Physician Assistants	18 EMT and EMT-S
67 Civilian	2 Nurse Practitioners	8 Others
	26 Registered Nurses	

As you can observe in the table, the enrolled students represented not only every level of civilian medical provider, but also the military ranks including the Navy Reserve and two Army National Guard Civil Support Teams.

Thank you once again for assisting us with this project. Lastly, as I was forced to withdraw my seat from the upcoming MMBC (10-16 March 2001) at the APG due to deployment with the NDMS, I can only hope that I may reapply in the future, but also thank you once again for assisting the MI-1 DMAT and myself with our CBRE training. If there is anything that I may do for you in the future, please do not hesitate to call.

Regards,
